Reporter's name/relationship: [redacted]

Reporter states:

[redacted] (16), [redacted] (10), [redacted] (7) and [redacted] (6) live with their mother, [redacted] and [redacted] in [redacted] County. [redacted] is the father of [redacted] and [redacted] father is unknown.

At 1:00 PM on 4/27/2018, all four children were transported via EMS to [redacted] Children's Hospital in critical condition following a motor vehicle accident at an unknown intersection in [redacted] TN. [redacted] was the driver during the motor vehicle accident but [redacted] was not involved in the accident as she had been at work; it is unknown at what time specifically the accident occurred. EMS reported to staff at [redacted] that [redacted] had gotten into an accident and that they were unsure of what exactly [redacted] had hit; however, the car had rolled over down a hill. None of the children were restrained during the accident. It is believed that someone driving by had contacted 911. It is unknown if either EMS or Law enforcement had responded to the scene first or when they responded. The first responder's names are unknown.

[redacted] and [redacted] were ejected from the vehicle; [redacted] did not survive the accident and had been in cardiac arrest when EMS responded to the scene. When [redacted] arrived to [redacted] the medical team continued to do chest compressions; however, at an unknown time, Dr. [redacted] pronounced [redacted] as deceased. It is believed the ruled cause of death is cardiac arrest from the motor vehicle accident. An autopsy has not yet been done as the Medical Examiner has not arrived. [redacted] body is still in the emergency room.

[redacted] is in stable condition and is able to walk and talk. [redacted] is still in critical condition; however, the exact details of her injuries is unknown. [redacted] status is unknown; he is currently undergoing X-rays and trauma labs. The children do not have a history of any medical conditions. The children have not been observed or spoken to by the reporter. The Medical Teams have not reported any visible marks or bruises consistent with any abuse on the children.

[redacted] was transported to [redacted] Medical Center and is currently in critical condition. [redacted] has not been interviewed. It is unknown if [redacted] was under the influence when the accident occurred. It is unknown if [redacted] has a criminal history.

EMS Director [redacted] reported that [redacted] informed the nurse that the accident

Tennessee Department of Children's Services
Tennessee Child Abuse Hotline Summary

occurred because as they were in the vehicle, someone cut [redacted] off which caused [redacted] to become upset and begin chasing the other driver down the street at an unknown high speed. [redacted] reported that [redacted] was waving a pistol at the other driver. [redacted] stated that [redacted] had the pistol in his lap. [redacted] reported that she woke up in the midst of this incident. It is unknown if the gun was located in the vehicle at the scene of the accident. Sargent [redacted] (contact information unknown) is handling the report. Law enforcement's report number is unavailable at this time.

[redacted] was contacted by [redacted] social worker [redacted] [redacted] and is currently at the hospital. [redacted] is distraught and unable to communicate at this time.

Special Needs or Disabilities: None
Child's current location/is the child safe at this time: [redacted] Hospital
Perpetrator's location at this time: [redacted] Medical Center
Any other safety concerns for the case manager who may respond: None
Domestic Violence present in the home: None

CM Notes: None

Narrative Details

Narrative Type: Original Entry Date/Time: 08/13/2018 12:41 PM Entered By: [redacted] [redacted]

On April 27, 2018, the Department of Children's Services (DCS) received a referral for an allegation of Abuse Death regarding Alleged Child Victim (ACV) [redacted] [redacted] (7yo), and for Lack of Supervision regarding ACVs [redacted] [redacted] (2yo), [redacted] [redacted] [redacted] [redacted] (10yo), and [redacted] [redacted] (16yo). The Alleged Perpetrator (AP) was listed as birth father/stepfather, [redacted] [redacted] This investigation was assigned to Child Protective Services Investigator (CPSI) [redacted] [redacted] by Lead Investigator (LI) [redacted] [redacted] This case was worked in conjunction with Sgt. [redacted] of the [redacted] Police Department.

[redacted] lived at home with her birth mother, [redacted] [redacted] birth father, [redacted] [redacted] and siblings [redacted] [redacted] [redacted] [redacted] and [redacted] [redacted]

The following information was reported: Each of the children were transported to [redacted] Childrens Hospital via EMS in critical condition following a motor vehicle accident. Mr. [redacted] was the driver of the vehicle and the mother was at work. The vehicle rolled over down a hill and none of the children were restrained. [redacted] and [redacted] were ejected from the vehicle. [redacted] was in cardiac arrest when EMS arrived on the scene of the accident and did not survive. [redacted] was still in critical condition and [redacted] status was unknown. [redacted] was in stable condition and was able to walk and talk. Mr. [redacted] was transported to [redacted] Medical Center in critical condition. [redacted] stated the accident occurred because someone cut Mr. [redacted] off, which caused him to become upset and begin chasing the other driver down the street at a high rate of speed. [redacted] stated Mr. [redacted] was waving the gun at the other driver and he had the gun in his lap before the accident.

On April 27, 2018, CPSI [redacted] spoke with the child, [redacted] [redacted] (16) privately. [redacted] reported she was involved in a vehicle accident with her siblings and her stepfather, [redacted] [redacted] [redacted] reported Mr. [redacted] picked her and her siblings up from school and they were on the way home. She stated she was riding in the front passenger seat and her sisters were riding in the back seat. [redacted] reported [redacted] was sitting behind the driver, while [redacted] was sitting in the middle of the back seat, and [redacted] was sitting behind the front passenger seat. She reported she had fallen asleep until she felt the car jerk, as if they hit something. [redacted]

Tennessee Department of Children's Services

Case Recording Summary

Case Id:	[redacted]	Case Name:	[redacted] [redacted]
Case Status:	Close	Organization:	[redacted] Region

reported when she woke, her stepfather was yelling that a man in a truck hit him and knocked the bumper off their car and kept going. [redacted] reported Mr. [redacted] grabbed a gun from the floor between the drivers door and the drivers seat. She stated Mr. [redacted] began driving very fast, as if he was trying to catch the man who hit them. [redacted] reported she did not see the truck, but she assumes it was not an 18 wheeler because the impact was not that hard. She reported Mr. [redacted] placed the gun in his lap and was driving after the man. [redacted] reported Mr. [redacted] almost hit another car and he swerved to avoid hitting it. She stated the next thing she knew, the car was flipping and they ended up in some kind of ditch. [redacted] reported she was not wearing her seat belt and she doesnt think her siblings were either. She reported when the car landed, she was being pressed against the door on the ground and her stepfather was lying on top of her. [redacted] reported she also saw her sisters, [redacted] leg between herself and Mr. [redacted] and she assumed [redacted] was underneath Mr. [redacted] somehow also. [redacted] reported she kicked the window because she could not move with them on top of her. She stated some men came down to the car and they worked for a while to get her stepfather out of the car, then [redacted] and then her. [redacted] reported she didnt see her siblings, [redacted] and [redacted] inside the car but when she got outside the car she saw them lying on in the grass. [redacted] reported [redacted] was not moving and did not appear to be breathing, but she observed [redacted] chest moving up and down. [redacted] reported her sister [redacted] died and her sisters [redacted] and [redacted] were hurt. She reported [redacted] is hurt worse than [redacted] CPSI [redacted] asked [redacted] if she had seen her stepfathers gun in the car before. [redacted] reported she did not know Mr. [redacted] had a gun until she saw him pull it from the floor and place it in his lap. [redacted] reported this was the first time she has seen her stepfather chase someone at a high rate of speed before. [redacted] reported she and her stepfather get along well because he has been with their family for over 10 years.

On April 27, 2018, CPSI A. [redacted] met response with [redacted] [redacted] (10) at [redacted] Childrens Hospital Pediatric Intensive Care Unit. The investigator observed [redacted] lying in the hospital bed asleep. The investigator was informed by Dr. [redacted] that [redacted] was listed in serious condition. The doctor reported [redacted] suffered a broken left leg which will probably require surgery, a shoulder fracture, and small fractures in her face. Dr. [redacted] reported they gave [redacted] pain medication to help with the pain and they expect [redacted] to survive, but will be observing her for several days. The investigator observed [redacted] in a neck brace with cuts and bruising on the right side of her face and one small cut near her left ear. The rest of [redacted] body could not be observed as she was covered up and the investigator did not wake her.

On April 27, 2018, CPSI A. [redacted] met response with [redacted] [redacted] (2) at [redacted] Childrens Hospital Pediatric Intensive Care Unit. The investigator observed [redacted] unconscious with a neck brace and breathing machine. [redacted] was hooked up to several monitors and a tube was observed coming from the left side of her head. [redacted] was also observed with bruising on her face, with her left eye appearing swollen. The investigator was only able to observe [redacted] for a moment because she was being wheeled out to get a CT scan just when the investigator arrived in her room. Dr. [redacted] reported that [redacted] was listed in very critical condition and that she has suffered severe brain injury. The doctor stated [redacted] skull has several fractures and they are trying to keep the pressure in her brain down.

On April 27, 2018, CPSI A. [redacted] interviewed birth mother, [redacted] [redacted] at [redacted] Hospital. The investigator had to stop the interview several times because Ms. [redacted] was very emotional. Ms. [redacted] stated she asked the father, Mr. [redacted] [redacted] to check the children out of school early because [redacted] was scheduled to have a birthday sleepover tonight at their home and she wanted the kids to begin cleaning up the house and preparing for the party. Ms. [redacted] reported she planned to leave work and pick up the birthday cake and other supplies on the way home. Ms. [redacted] reported the children left with the father at approximately 11:50 a.m. She reported she later received a call from the hospital reporting her children had been in a car accident. Ms. [redacted] reported she thought it was a mistake because she expected her children to be at home by

Tennessee Department of Children's Services

Case Recording Summary

Case Id:	[redacted]	Case Name:	[redacted] [redacted]
Case Status:	Close	Organization:	[redacted] Region

then. She reported she arrived at the hospital and was soon informed her daughter, [redacted] (7) had died from her injuries, and then updated on her other childrens injuries. CPSI [redacted] asked Ms. [redacted] about the weapon Mr. [redacted] had and Ms. [redacted] would only say I dont know anything about a gun. She stated someone said Mr. [redacted] was driving fast and had a gun, but she didnt know anything about it. Ms. [redacted] reported she has never had any concerns of Mr. [redacted] putting her children at harm before. She stated Mr. [redacted] always took great care of the children.

Child Protective Services Investigator (CPSI) [redacted] was not able to conduct an alleged perpetrator interview due to the AP, [redacted] [redacted] dying from the car incident. The accident report provided by Sgt. [redacted] ([redacted] Police Department) appears to corroborate the information reported by ACV [redacted] [redacted] regarding the automobile accident.

No immediate safety concerns were identified for the surviving siblings, other than injuries sustained in the accident. The mother, [redacted] [redacted] maintained daily, in-person support for the children as they began the recovery process. ACVs [redacted] [redacted] and [redacted] [redacted] were discharged from the hospital into the care of the maternal grandmother, [redacted] [redacted] as decided by Ms. [redacted] A home study was completed with Ms. [redacted] by CPSI [redacted] with no concerns found. Ms. [redacted] stayed with ACV [redacted] [redacted] in the hospital and traveled with her to Georgia upon discharge for physical therapy. The family was supported by DCS through follow-up contacts, safety/risk assessment, and connection with grief counseling services.

On May 17, 2018, CPSI [redacted] was informed by [redacted] [redacted] DCS Director of Nursing, that [redacted] [redacted] did not have an autopsy per the [redacted] County Medical Examiners office. Medical records were received from [redacted] Hospital on August 7, 2018, support ACV [redacted] [redacted] death was a result of injuries sustained from the automobile accident on April 27, 2018.

On July 11, 2018, CPSI [redacted] presented this case to the [redacted] County Child Protective Investigative Team (CPIT). The team was in agreement that there is not a preponderance of evidence to support the allegation of Abuse Death.

According to DCS Policy Chapter 14, Work Aid 1, Section E, Child Death is defined as:
a) Any child death caused by abuse or neglect.
b) Any unexplained death of a child when the cause of death is unknown or pending an autopsy report.
c) Any child death caused by abuse or neglect resulting from the parent or legal custodian/caretaker failure to stop another persons direct action that resulted in the death of the child. Child deaths are always treated as severe abuse.
2. A near death, per Tennessee Code Annotated (TCA) 37-5-107(c)(4) is defined as a serious or critical medical condition resulting from abuse, neglect or child sexual abuse, as reported by a physician who has examined the child subsequent to the abuse or neglect.

According to DCS Policy Chapter 14, Work Aid 1, Section B, Lack of Supervision is defined as:
Failure to provide adequate supervision, by a parent or other legal custodian/caretaker, who is able to do so. A lack of supervision allegation or determination means that:
a) The child has been placed in a situation that requires actions beyond the childs level of maturity, physical ability, and/or mental ability; or
b) Caregiver inadequately supervises a child. The caregiver is with the child, but is unable or unwilling to supervise (e.g., the caregiver is under the influence of alcohol or drugs, is depressed, sleeps during the day or has inadequate parenting knowledge or skills).
c) Any registered sex offender residing in the home with unrelated minor children or victim of offender and/or

Tennessee Department of Children's Services

Case Recording Summary

Case Id:	[redacted]	Case Name:	[redacted] [redacted]
Case Status:	Close	Organization:	[redacted] Region

caregiver knowingly resides with and/or allows children to be unsupervised with a registered sex offender.

There is not a preponderance of evidence to substantiate the allegation of Abuse Death. The allegation of Abuse Death against AP [redacted] [redacted] regarding ACV [redacted] [redacted] will be classified and closed as Allegation Unsubstantiated, Perpetrator Unsubstantiated.

There is not a preponderance of evidence to substantiate the allegation of Lack of Supervision. The allegation of Lack of Supervision against AP [redacted] [redacted] regarding ACVs [redacted] [redacted] [redacted] [redacted] and [redacted] [redacted] will be classified and closed as Allegation Unsubstantiated, Perpetrator Unsubstantiated.

On April 27, 2018, the Department of Children's Services (DCS) received a referral for an allegation of Abuse Death and Lack of Supervision regarding Alleged Child Victims (ACV) [redacted] [redacted] (6yo), [redacted] [redacted] (7yo), [redacted] [redacted] (10yo), and [redacted] [redacted] (16yo). The alleged perpetrator was listed as birth father/ stepfather [redacted] [redacted] This investigation was assigned to Child Protective Services Investigator (CPSI) [redacted] [redacted] by Lead Investigator (LI) [redacted] [redacted] lived at home with his birth mother, [redacted] [redacted] birth father [redacted] [redacted] and siblings [redacted] [redacted] (6yo), [redacted] [redacted] (10yo), and [redacted] [redacted] (16yo).
It was reported that each of the children were transported to [redacted] Childrens Hospital via EMS in critical condition following a motor vehicle accident. It was reported that Mr. [redacted] was the driver of the vehicle and the mother was at work. It was reported the vehicle rolled over down a hill and none of the children were restrained. It was reported that [redacted] and [redacted] were ejected from the vehicle and [redacted] did not survive and was in cardiac arrest when EMS arrived on the scene of the accident. It was reported that [redacted] was still in critical condition and [redacted] status was unknown. It was also reported that [redacted] was in stable condition and was able to walk and talk. It was reported that Mr. [redacted] was transported to [redacted] Medical Center in critical condition. It was reported that [redacted] reported that the accident occurred because someone cut Mr. [redacted] off which caused him to become upset and begin chasing the other driver down the street at a high rate of speed. It was reported that [redacted] stated Mr. [redacted] was waving the gun at the other driver and he had the gun in his lap before the accident.
The Alleged Child Victim, [redacted] [redacted] Date of Death is April 27, 2018.
On April 27, 2018 CPSI [redacted] spoke with the child, [redacted] [redacted] (16) privately. [redacted] reported she was involved in a vehicle accident with her siblings and her stepfather, [redacted] [redacted] [redacted] reported Mr. [redacted] picked her and her siblings up from school and they were on the way home. She stated she was riding in the front passenger seat and her sisters were riding in the back seat. [redacted] reported that [redacted] was sitting behind the driver while [redacted] was sitting in the middle of the back seat and [redacted] was sitting behind the front passenger seat. She reported that she had fallen asleep until she felt the car jerk as if they hit something. [redacted] reported when she woke, her stepfather was yelling that a man in a truck hit him and knocked the

bumper off their car and kept going. [redacted] reported Mr. [redacted] grabbed a gun from the floor between the drivers door and the drivers seat. She stated Mr. [redacted] began driving very fast as if he was trying to catch the man who hit them. [redacted] reported she did not see the truck but she assumes it was not an 18 wheeler because the impact was not that hard. She reported her father placed the gun in his lap and was driving after the man. [redacted] reported her father almost hit another car and he swerved to avoid hitting it. She stated that the next thing she knew, the car was flipping and they ended up in some kind of ditch. [redacted] reported she was not wearing her seat belt and she doesnt think her siblings were either. She reported that when the car landed, she was being pressed against the door on the ground and her stepfather was lying on top of her. [redacted] reported she also saw her sister, [redacted] leg between herself and her father and she assumed [redacted] was underneath her father somehow also. [redacted] reported she kicked the window because she could not move with them on top of her. She stated some men came down to the car and they worked for a while to get her stepfather out of the car, then [redacted] and then her. [redacted] reported that she didnt see her siblings [redacted] and [redacted] inside the car but when she got outside the car she saw them lying on in the grass. [redacted] reported that [redacted] was not moving and did not appear to be breathing but she observed [redacted] chest moving up and down. [redacted] reported her sister [redacted] died and her sisters [redacted] and [redacted] were hurt. She reported that [redacted] is hurt worse than [redacted] The investigator asked [redacted] if she had seen her stepfathers gun in the car before. [redacted] reported she didnt even know her stepfather had a gun until she saw him pull it from the floor and place it in his lap. [redacted] reported she this was the first time she has seen her stepfather chase someone at a high rate of speed before. [redacted] reported she and her stepfather get along well because he has been with their family for over 10 years. She stated her stepfather is the father of all of her siblings. When asked about her own father, [redacted] reported she doesnt know her father and she does not recall ever meeting him. [redacted] reported she injured her knee in the accident and she is sore but did not sustain any other injuries. She stated the doctors said she is able to go home but her sisters, [redacted] and [redacted] are not well enough to go home yet.

On April 27, 2018 CPSI A. [redacted] met response with the child [redacted] [redacted] (10) at [redacted] Childrens Hospital Pediatric Intensive Care Unit. The investigator observed [redacted] lying in the hospital bed asleep. The investigator was informed by Dr. [redacted] that [redacted] was listed in serious condition. The doctor reported [redacted] suffered a broken left leg which will probably require surgery, a shoulder fracture and small fractures in her face. Dr. [redacted] reported they gave [redacted] pain medication to help with the pain and they expect [redacted] to survive but will be observing her for several days. The investigator observed [redacted] in a neck brace with cuts and bruising on her right side of her face and one small cut near her left ear. The rest of [redacted] body could not be observed as she was covered up and the investigator did not wake her.

On April 27, 2018 CPSI A. [redacted] met response with the child, [redacted] [redacted] (2) at [redacted] Childrens Hospital Pediatric Intensive Care Unit. The investigator observed [redacted] unconscious with a neck brace and breathing machine. [redacted] was hooked up to several monitors and a tube was observed coming from the left side of her head. [redacted] was also observed with bruising on her face, with her left eye appearing swollen. The investigator was only able to observe [redacted] for a moment because she was being wheeled out to get a CT scan just when the investigator arrived in her room. Dr. [redacted] reported that [redacted] was listed in very critical condition and that she has suffered severe brain injury. The doctor stated [redacted] skull has several fractures and they are trying to keep the pressure in her brain down.

On April 27, 2018 CPSI A. [redacted] interviewed [redacted] [redacted] at [redacted] Hospital. The investigator had to stop the interview several times because Ms. [redacted] was very emotional. At one point when informed by the doctor that [redacted] had to have surgery immediately to remove a portion of her skull to relieve the pressure, Ms. [redacted] nearly fell down and the investigator had to hold her up and comfort her. Ms. [redacted] reported that she works at the same school her children attend, [redacted] [redacted] in the lunch room. She stated she

Tennessee Department of Children's Services

asked the father, Mr. [redacted] [redacted] to check the children out of school early because [redacted] was scheduled to have a birthday sleepover tonight at their home and she wanted the kids to begin cleaning up the house and preparing for the party. Ms. [redacted] reported that she planned to leave work and pick up the birthday cake and other supplies on the way home. Ms. [redacted] reported the children left with the father at approximately 11:50 a.m. She reported that she was on her phone speaking with her brother when she noticed someone calling her from a number she did not recognize. Ms. [redacted] stated she ignored the call at first but when they called back she put her brother on hold and answered the call. Ms. [redacted] reported the call was from someone from the hospital reporting her children had been in a car accident. Ms. [redacted] reported she thought it was a mistake because she expected her children to be at home by then. She reported she arrived at the hospital and was soon informed that her daughter, [redacted] (7) had died from her injuries. Ms. [redacted] reported that her oldest daughter [redacted] only suffered only a sprained knee but her children, [redacted] and [redacted] have more serious injuries. Ms. [redacted] reported her daughter [redacted] has broken bones but is expected to be okay. She stated she is mostly worried about her 2 year old daughter [redacted] who has bleeding in her brain. Ms. [redacted] reported she is terrified that she may lose another child. She stated the father/paramour; Mr. [redacted] [redacted] is currently being treated at [redacted] Medical Center. Ms. [redacted] stated she does not know how he is doing because they are waiting for an update from his mother. The investigator was previously informed that Mr. [redacted] did not survive the accident and died at [redacted] Medical Center but it appears Ms. [redacted] family had not yet informed her of this; probably due to her being so overwhelmed already with the condition of her children. The investigator asked Ms. [redacted] about the weapon that Mr. [redacted] had and Ms. [redacted] would only say I dont know anything about a gun. She stated someone said that Mr. [redacted] was driving fast and had a gun but she didnt know anything about it. Ms. [redacted] reported she has never had any concerns of Mr. [redacted] putting her children at harm before. She stated Mr. [redacted] always took great care of the children. The investigator informed Ms. [redacted] that the case would be assigned to another DCS investigator on Monday morning and that investigator would follow up with her and the family.

Child Protective Services Investigator (CPSI) [redacted] was not able to conduct an alleged perpetrator interview due to the AP dying from the car incident.

On May 1, 2018 CPSI [redacted] spoke with [redacted] [redacted] nurse [redacted] as a collateral contact for this investigation who informed CPSI [redacted] that [redacted] had surgery earlier that morning on May 1, 2018 to put together the fractured bone in her leg. Nurse [redacted] informed CPSI [redacted] that the fractured bones in [redacted] face and arm will be allowed to heal on it's own. CPSI [redacted] was informed that [redacted] will not be discharged anytime soon due to her having to go through physical therapy to help [redacted] walk again. CPSI [redacted] spoke with the 10th floor social worker Ms. [redacted] and she stated that [redacted] [redacted] had surgery this morning and her face and arm fractures will heal on there own. Ms. [redacted] stated that [redacted] will have to go through physical thearpy. Ms. [redacted] informed CPSI [redacted] that she has not been able to speak with mom alone yet due to spending the majority of the day on the 5th floor with her other daughter [redacted] that is in PICU. Ms. [redacted] stated that birth mom [redacted] [redacted] will come upstairs and night and sleep in the room with [redacted] Ms. [redacted] printed out medical social works notes and history and physical examination final notes for [redacted] [redacted]

On May 1, 2018 CPSI [redacted] attempted to speak with [redacted] [redacted] nurse but she had just taken another patient down for a cat scan. CPSI [redacted] was ab le to speak with the 5th floor social worker Ms. [redacted] and she informed CPSI [redacted] that [redacted] had surgery on April 27, 2018 to remove part of her skull to reduce the brain swelling. CPSI [redacted] was informed that [redacted] is still in a coma and has not be able to move or response to attempted communication. Ms. [redacted] gave CPSI [redacted] the medical social work notes and the history and physical examination final results for [redacted] [redacted]

On May 17, 2018, CPSI [redacted] was informed by [redacted] [redacted] MSN MBA RN | Director of Nursing that [redacted]

[redacted] did not have an autopsy per the [redacted] County Medical Examiners office.

On July 10, 2018 CPSI [redacted] spoke with [redacted] Children's Healthcare Hospital social worker [redacted] [redacted] Ms. [redacted] informed CPSI [redacted] that [redacted] [redacted] had been transported to their facility for rehabilitation in July 3, 2108 and birth mother [redacted] [redacted] and a maternal uncle has been her side the entire time. Ms. [redacted] informed CPSI [redacted] that [redacted] would be in rehab for at least 3-4 weeks but it could possibly be longer.

On July 11, 2018, CPSI [redacted] presented this case to the [redacted] County Child Protective Investigative Team (CPIT). The team was in agreement that there is not a preponderance of evidence to support the allegation of Abuse Death.

Per DCS Policy Work Aid 1 Section E:

Child Death is defined as:

a) Any child death caused by abuse or neglect.

b) Any unexplained death of a child when the cause of death is unknown or pending an autopsy report.

c) Any child death caused by abuse or neglect resulting from the parent or caretakers failure to stop another persons direct action that resulted in the death of the child. Child deaths are always treated as severe abuse.

There is not a preponderance of evidence to support the substantiation for the allegation. The Alleged Perpetrator is Unsubstantiated. This case is being classified as Allegation Unsubstantiated, Perpetrator Unsubstantiated for Abuse Death.

On May 3, 2018 the Department received a referral alleging abuse death and lack of supervision. The victims are listed as [redacted] [redacted] [redacted] [redacted] [redacted] [redacted] and [redacted] [redacted] The alleged perpetrator is listed as [redacted] [redacted] This case was assigned to Child Protective Services Investigator (CPSI) [redacted] as a priority 1 on April 30, 2018 due to be investigated.

The referral states the alleged perpetrator is reported to be [redacted] [redacted] (Birth Father/Stepfather). It was reported that each of the children were transported to [redacted] Childrens Hospital via EMS in critical condition following a motor vehicle accident. It was reported that Mr. [redacted] was the driver of the vehicle and the mother was at work. It was reported the vehicle rolled over down a hill and none of the children were restrained. It was reported that [redacted] and [redacted] were ejected from the vehicle and [redacted] did not survive and was in cardiac arrest when EMS arrived on the scene of the accident. It was reported that [redacted] was still in critical condition and [redacted] status was unknown. It was also reported that [redacted] was in stable condition and was able to walk and talk. It was reported that Mr. [redacted] was transported to [redacted] Medical Center in critical condition. It was reported that [redacted] reported that the accident occurred because someone cut Mr. [redacted] off which caused him to become upset and begin chasing the other driver down the street at a high rate of speed. It was reported that [redacted] stated Mr. [redacted] was waving the gun at the other driver and he had the gun in his lap before the accident.

The Alleged Child Victim, [redacted] [redacted] Date of Death is April 27, 2018. According to the Department of Children's Services Work Aid 2 Policy: It is not required for the DCS Case Manager to observe the deceased child.

The investigator spoke with the child, [redacted] [redacted] (16) privately. [redacted] reported she was involved in a vehicle accident with her siblings and her stepfather, [redacted] [redacted] [redacted] reported Mr. [redacted] picked her and her siblings up from school and they were on the way home. She stated she was riding in the front passenger seat and her sisters were riding in the back seat. [redacted] reported that [redacted] was sitting behind the

Case Recording Summary

Case Id:	[redacted]	Case Name:	[redacted] [redacted]
Case Status:	Close	Organization:	[redacted] Region

NEGLECT DEATH:
DCS Policy defines any child death that is the result of the caretakers failure to meet childcare responsibilities.

LACK OF SUPERVISION:
DCS Policy defines Lack of Supervision as a failure to provide adequate supervision by a parent or other caretaker, who is able to do so. A lack of supervision allegation or determination means that the child has been placed in a situation that requires actions beyond the childs level of maturity, physical ability, and/or mental ability; or the Caregiver inadequately supervises a child. The caregiver is with the child but is unable or unwilling to supervise (e.g., the caregiver is under the influence of alcohol or drugs, is depressed, sleeps during the day, or has inadequate parenting knowledge or skills). Lack of Supervision is also defined as any registered sex offender residing in a home with unrelated minor children or victim of offender, and/or caregiver knowingly resides with and/or allows children to be unsupervised with a registered sex offender.

According to DCS policy this case does not meet the criteria for abuse death and lack . This case was classified as allegation unsubstantiated / perpetrator unsubstantiated due to no findings to support this allegation.

CPSI [redacted] visited the maternal grandmother [redacted] [redacted] to follow up with the family. Ms. [redacted] informed CPSI [redacted] that birth mother [redacted] [redacted] has been in [redacted] Ga with [redacted] for rehabilitation since July 3, 2018. Ms. [redacted] stated that [redacted] will be in rehab for at least 3-4 weeks. Ms. [redacted] informed CPSI [redacted] that [redacted] and [redacted] are staying with her while Ms. [redacted] is in [redacted] and that [redacted] and [redacted] both start counseling with Camp [redacted] on July 18th.

[redacted] informed CPSI [redacted] that she misses her sister and dad, she states that most days she is okay but sometimes she gets sad when thinking about them. She told CPSI [redacted] that she is starting counseling on the 18th of this month (July) and hopes it helps her cope with everything.
[redacted] informed CPSI [redacted] that everything is going good and that she and her sister [redacted] are staying with their grandma because their mom has been staying with their sister [redacted] in the hospital and not shes in the hospital in [redacted]

CPSI [redacted] did observe the children at the maternal grandmothers home. There were no signs of marks or bruises on the child. The child appeared cared for during the unannounced visit. The child is in a safe environment with no hazards present at the time of the visit.

LI staffed this case with CPSI [redacted] who stated that she still hasn't been able to make contact with Ms [redacted] CPSI [redacted] made contact with the children's grandmother to follow up who stated that Ms [redacted] was having a hard time grieving. The family is currently in grief counseling however; the mother is still having a hard time dealing with everything. The children are remaining in the care of the grandmother at this time with the mother's permission. The grandmother stated that the mother brings things to the children and check on them regularly. CPSI [redacted] has made continuous attempts in making contact with Ms [redacted] and has been unsuccessful. CPSI will follow up with the grandmother and tell her to call CPSI the next time Ms [redacted] comes to the home.

Child Protective Services Investigator (CPSI) [redacted] completed a home study of maternal grandmother [redacted] [redacted] on May 21, 2018. The home was observed to be clean, organized and utilities were working during the visit. There was appropriate sleeping arrangement in the home. The kitchen was observed to have food in the home. No environmental or hazards concerns were observed during the home visit. Maternal Grandmother Ms. [redacted] informed CPSI [redacted] that the oldest child [redacted] [redacted] has been staying with her since she was released from the hospital on the day of the accident because birth mother [redacted] [redacted] will be staying at the hospital with [redacted] and [redacted] who both are currently in PICU. Ms. [redacted] informed CPSI [redacted] that Ms. [redacted] is trying to hold it together but its been tough for her. Ms. [redacted] informed CPSI [redacted] that the hospital social worker had signed the family up for grief counseling with Camp [redacted] and they would follow up with them soon.

LI staffed this case with CPSI [redacted] This case was assigned to CPSI [redacted] while LI was on annual leave. CPSI [redacted] stated that the alleged perpetrator (birth father), [redacted] [redacted] passed away from his injuries. CPSI [redacted] stated that 2 year old [redacted] is still in the hospital in ICU in a medically induced coma. [redacted] was in the hospital due to fractures in her face, arm and leg. Surgery was completed on her leg. The fractures in her arm and face will have to heal on their own. [redacted] was discharged and will be starting physical therapy soon. [redacted] only had scratches on her and wasn't hospitalized with any major injuries. CPSI stated that she hasn't been able to make contact with birth mother, [redacted] [redacted] Ms [redacted] was married to Mr. [redacted] and the funeral for Mr. [redacted] and [redacted] were last Saturday. CPSI stated that they had the funerals together. 2nd shift CPSI [redacted] [redacted] initially responded to the referral. CPSI [redacted] stated that maternal grandmother, Ms [redacted] has been the contact person since Ms [redacted] hasn't been available. [redacted] and [redacted] are currently residing with Ms [redacted] CPSI [redacted] spoke with hospital Social Worker who referred the family for grief counseling. CPSI will continue efforts to make contact with Ms [redacted] and follow up on services with the family. CPSI will also contact the hospital to ask that they notify her the next time Ms [redacted] is at the hospital so CPSI could make contact with her.

On May 1, 2018 Child Protective Service Investigators (CPSI) [redacted] [redacted] interviewed referent regarding allegations made of abuse death and lack of supervision. CPSI [redacted] explained to the referent the role and responsibilities of CPSI for investigating the report. CPSI [redacted] reviewed the reported information with the referent to follow up with any possible new findings. The referent stated everything in the report was correct and there are no other additional concerns.

Referent stated that all four children were transported to [redacted] Childrens hospital in critical condition. Stepfather [redacted] was the driver during the motor vehicle accident but [redacted] was not involved in the accident as she had been at work; it is unknown at what time specifically the accident occurred. EMS reported to staff at [redacted] that [redacted] had gotten into an accident and that they were unsure of what exactly [redacted] had hit; however, the car had rolled over down a hill. None of the children were restrained during the accident.

[redacted] and [redacted] were ejected from the vehicle; [redacted] did not survive the accident and had been in cardiac arrest when EMS responded to the scene. When [redacted] arrived to [redacted] the medical team continued to do chest compressions; however, at an unknown time, Dr. [redacted] [redacted] pronounced [redacted] as deceased. It is believed the ruled cause of death is cardiac arrest from the motor vehicle accident. An autopsy was not completed.

[redacted] was released from the hospital the same day and only needed and bandage on her knee. [redacted] is still in critical condition with multiple fractures to the skull, and shoulder fracture. [redacted] is in PICU with a broken leg and fractures to the head are currently undergoing X-rays and trauma labs. The children do not have a history of any medical conditions. The children have not been observed or spoken to by the reporter.
CPSI [redacted] was informed that birth mother [redacted] [redacted] and maternal cousins have been splitting time so that someone is with both children that are in PICU at all times.

Narrative Details

Narrative Type: Original Entry Date/Time: 05/07/2018 06:58 PM Entered By: [redacted] [redacted]

Child Protective Services Investigator (CPSI) [redacted] visited [redacted] Children's hospital to get an update on [redacted] [redacted] and [redacted] [redacted] as well as speak with hospital staff working with the two alleged child victims.

CPSI [redacted] spoke with [redacted] [redacted] nurse [redacted] who informed CPSI [redacted] that [redacted] had surgery earlier that morning on May 1, 2018 to put together the fractured bone in her leg. Nurse [redacted] informed CPSI [redacted] that the fractured bones in [redacted] face and arm will be allowed to heal on it's own. CPSI [redacted] was informed that [redacted] will not be discharged anytime soon due to her having to go through physical therapy to help [redacted] walk again. CPSI [redacted] spoke with the 10th floor social worker Ms. [redacted] and she stated that [redacted] [redacted] had surgery this morning and her face and arm fractures will heal on there own. Ms. [redacted] stated that [redacted] will have to go through physical thearpy. Ms. [redacted] informed CPSI [redacted] that she has not been able to speak with mom alone yet due to spending the majority of the day on the 5th floor with her other daughter [redacted] that is in PICU. Ms. [redacted] stated that birth mom [redacted] [redacted] will come upstairs and night and sleep in the room with [redacted] Ms. [redacted] printed out medical social works notes and history and physical examination final notes for [redacted] [redacted]

CPSI [redacted] attempted to speak with [redacted] [redacted] nurse but she had just taken another patient down for a cat scan. CPSI [redacted] was ab le to speak with the 5th floor social worker Ms. [redacted] and she informed CPSI [redacted] that [redacted] had surgery on April 27, 2018 to remove part of her skull to reduce the brain swelling. CPSI [redacted] was informed that [redacted] is still in a coma and has not be able to move or response to attempted communication. Ms. [redacted] gave CPSI [redacted] the medical social work notes and the history and physical examination final results for [redacted] [redacted]

CPSI A. [redacted] met with the mother, [redacted] [redacted] privately. The investigator had to stop the interview several times because Ms. [redacted] was very emotional. At one point when informed by the doctor that [redacted] had to have surgery immediately to remove a portion of her skull to relieve the pressure, Ms. [redacted] nearly fell down and the investigator had to hold her up and comfort her. Ms. [redacted] reported that she works at the same school her children attend, [redacted] [redacted] [redacted] in the lunch room. She stated she asked the father, Mr. [redacted] [redacted] to check the children out of school early because [redacted] was scheduled to have a birthday sleepover tonight at their home and she wanted the kids to begin cleaning up the house and preparing for the party. Ms. [redacted] reported that she planned to leave work and pick up the birthday cake and other supplies on the way home. Ms. [redacted] reported the children left with the father at approximately 11:50 a.m. She reported that she was on her phone speaking with her brother when she noticed someone calling her from a number she did not recognize. Ms. [redacted] stated she ignored the call at first but when they called back she put her brother on hold and answered the call. Ms. [redacted] reported the call was from someone from the hospital reporting her children had been in a car accident. Ms. [redacted] reported she thought it was a mistake because she expected her children to be at home by then. She reported she arrived at the hospital and was soon informed that her daughter, [redacted] (7) had died from her injuries. Ms. [redacted] reported that her oldest daughter [redacted] only suffered only a sprained knee but her children, [redacted] and [redacted] have more serious injuries. Ms. [redacted] reported her daughter [redacted] has broken bones but is expected to be okay. She stated she is mostly worried about her 2 year old daughter [redacted] who has bleeding in her brain. Ms. [redacted] reported she is terrified that she may lose another child. She stated the father/paramour, Mr. [redacted] [redacted] is currently being treated at [redacted] Medical Center. Ms. [redacted] stated she does not know how he is doing because they are waiting for an update from his mother. The investigator was previously informed that Mr. [redacted] did not survive the accident and died at [redacted] Medical Center but it appears Ms. [redacted] family had not yet informed her of this; probably due to her being so overwhelmed already with the condition of her children. The investigator asked Ms. [redacted] about the weapon that Mr. [redacted] had and Ms. [redacted] would only say I dont know anything about a gun. She stated someone said that Mr. [redacted] was driving fast and had a gun but she didnt know anything about it. Ms. [redacted] reported she has never had any concerns of Mr. [redacted] putting her children at harm before. She stated Mr. [redacted] always took great care of the children. The investigator informed Ms. [redacted] that the case

would be assigned to another DCS investigator on Monday morning and that investigator would follow up with her and the family. The investigator also informed Ms. [redacted] that the Department would offer grief counseling to her and her children. Ms. [redacted] was given the Clients Rights Handbook along with a copy of the Notification of Equal Access to Programs and Services and Grievance. A copy of the Departments Notice of Privacy Practices was also given to Ms. [redacted] and she signed the Case Intake Packet Documents Verification Form verifying receipt of this information. Ms. [redacted] also completed an Authorization to Release Information to the Department so that the medical records for the children can be obtained.

CPSI A. [redacted] met response with the child, [redacted] [redacted] (2) at [redacted] Childrens Hospital Pediatric Intensive Care Unit. The investigator observed [redacted] unconscious with a neck brace and breathing machine. [redacted] was hooked up to several monitors and a tube was observed coming from the left side of her head. [redacted] was also observed with bruising on her face, with her left eye appearing swollen. The investigator was only able to observe [redacted] for a moment because she was being wheeled out to get a CT scan just when the investigator arrived in her room. Dr. [redacted] reported that [redacted] was listed in very critical condition and that she has suffered severe brain injury. The doctor stated [redacted] skull has several fractures and they are trying to keep the pressure in her brain down.

CPSI A. [redacted] met response with the child [redacted] [redacted] (10) at [redacted] Childrens Hospital Pediatric Intensive Care Unit. The investigator observed [redacted] lying in the hospital bed asleep. The investigator was informed by Dr. [redacted] that [redacted] was listed in serious condition. The doctor reported [redacted] suffered a broken left leg which will probably require surgery, a shoulder fracture and small fractures in her face. Dr. [redacted] reported they gave [redacted] pain medication to help with the pain and they expect [redacted] to survive but will be observing her for several days. The investigator observed [redacted] in a neck brace with cuts and bruising on her right side of her face and one small cut near her left ear. The rest of [redacted] body could not be observed as she was covered up and the investigator did not wake her.

CPSI A. [redacted] met response at [redacted] Childrens Hospital. The investigator spoke with the child, [redacted] [redacted] (16) privately. [redacted] reported she was involved in a vehicle accident with her siblings and her stepfather, [redacted] [redacted] [redacted] reported Mr. [redacted] picked her and her siblings up from school and they were on the way home. She stated she was riding in the front passenger seat and her sisters were riding in the back seat. [redacted] reported that [redacted] was sitting behind the driver while [redacted] was sitting in the middle of the back seat and [redacted] was sitting behind the front passenger seat. She reported that she had fallen asleep until she felt the car jerk as if they hit something. [redacted] reported when she woke, her stepfather was yelling that a man in a truck hit him and knocked the bumper off their car and kept going. [redacted] reported Mr. [redacted] grabbed a gun from the floor between the drivers door and the drivers seat. She stated Mr. [redacted] began driving very fast as if he was trying to catch the man who hit them. [redacted] reported she did not see the truck but she assumes it was not an 18 wheeler because the impact was not that hard. She reported her father placed the gun in his lap and was driving after the man. [redacted] reported her father almost hit another car and he swerved to avoid hitting it. She stated that the next thing she knew, the car was flipping and they ended up in some kind of ditch. [redacted] reported she was not wearing her seat belt and she doesnt think her siblings were either. She reported that when the car landed, she was being pressed against the door on the ground and her stepfather was lying on top of her. [redacted] reported she also saw her sister, [redacted] leg between herself and her father and she assumed [redacted] was underneath her father somehow also. [redacted] reported she kicked the window because she could not move with them on top of her. She stated some men came down to the car and they worked for a while to get her stepfather out of the car, then [redacted] and then her. [redacted] reported that she didnt see her siblings [redacted] and [redacted] inside the car but when she got outside the car she saw them lying on in the grass. [redacted] reported that [redacted] was not moving and did not appear to be breathing but she observed [redacted] chest moving up and down. [redacted] reported her sister [redacted] died and her sisters [redacted] and [redacted] were hurt. She reported that [redacted] is hurt worse than [redacted] The investigator asked [redacted] if she had seen her stepfathers gun in the car before. [redacted] reported she didnt

even know her stepfather had a gun until she saw him pull it from the floor and place it in his lap. [redacted] reported she this was the first time she has seen her stepfather chase someone at a high rate of speed before. [redacted] reported she and her stepfather get along well because he has been with their family for over 10 years. She stated her stepfather is the father of all of her siblings. When asked about her own father, [redacted] reported she doesnt know her father and she does not recall ever meeting him. [redacted] reported she injured her knee in the accident and she is sore but did not sustain any other injuries. She stated the doctors said she is able to go home but her sisters, [redacted] and [redacted] are not well enough to go home yet. [redacted] became emotional during the interview when speaking of her siblings being hurt and her sister that died. She stated she is also worried about her stepfather because he was hurt badly in the accident too. When asked if she would be interested in speaking with someone to help her deal with the loss of her sister, [redacted] stated I think so. The investigator informed [redacted] that they would speak with her mother about arranging grief counseling for her and her sisters. [redacted] was observed in a wheel chair with a hospital gown on. She stated the nurse said she was looking for something for her to put on because her clothes got messed up and torn up in the car accident. [redacted] was observed with her left knee wrapped. A small dark spot was observed on [redacted] lip but she stated it was a blister that had already been there. No other marks or bruises were visible on [redacted] today.

The Department received a priority 1 referral on 4/27/18 with allegations of Abuse Death and Lack of Supervision. The alleged child victims are reported to be [redacted] [redacted] (Deceased), [redacted] [redacted] (6), [redacted] [redacted] (10) and [redacted] [redacted] (16). The alleged perpetrator is reported to be [redacted] [redacted] (Birth Father/Stepfather). It was reported that each of the children were transported to [redacted] Childrens Hospital via EMS in critical condition following a motor vehicle accident. It was reported that Mr. [redacted] was the driver of the vehicle and the mother was at work. It was reported the vehicle rolled over down a hill and none of the children were restrained. It was reported that [redacted] and [redacted] were ejected from the vehicle and [redacted] did not survive and was in cardiac arrest when EMS arrived on the scene of the accident. It was reported that [redacted] was still in critical condition and [redacted] status was unknown. It was also reported that [redacted] was in stable condition and was able to walk and talk. It was reported that Mr. [redacted] was transported to [redacted] Medical Center in critical condition. It was reported that [redacted] reported that the accident occurred because someone cut Mr. [redacted] off which caused him to become upset and begin chasing the other driver down the street at a high rate of speed. It was reported that [redacted] stated Mr. [redacted] was waving the gun at the other driver and he had the gun in his lap before the accident.

At the time of the report no prior DCS history could be found for the family.

The referent was not notified upon request. The Judge (Juvenile Court) and the District Attorney have been notified of the referral.

driver's seat. She stated Mr. [redacted] began driving very fast as if he was trying to catch the man who hit them. [redacted] reported she did not see the truck but she assumes it was not an 18 wheeler because the impact was not that hard. She reported her father placed the gun in his lap and was driving after the man. [redacted] reported her father almost hit another car and he swerved to avoid hitting it. She stated that the next thing she knew, the car was flipping and they ended up in some kind of ditch

Summarize professional, medical or psychological findings or opinions: What is the collateral's oral or written finding/opinion of the incident(s)/allegation(s)?

[redacted] [redacted] nurse [redacted] who informed CPSI [redacted] that [redacted] had surgery earlier that morning on May 1, 2018 to put together the fractured bone in her leg. Nurse [redacted] informed CPSI [redacted] that the fractured bones in [redacted] face and arm will be allowed to heal on it's own. CPSI [redacted] was informed that [redacted] will not be discharged anytime soon due to her having to go through physical therapy to help [redacted] walk again. CPSI [redacted] spoke with the 10th floor social worker Ms. [redacted] and she stated that [redacted] [redacted] had surgery this morning and her face and arm fractures will heal on their own. Ms. [redacted] stated that [redacted] will have to go through physical therapy. Ms. [redacted] informed CPSI [redacted] that she has not been able to speak with mom alone yet due to spending the majority of the day on the 5th floor with her other daughter [redacted] that is in PICU. Ms. [redacted] stated that birth mom [redacted] [redacted] will come upstairs and night and sleep in the room with [redacted] Ms. [redacted] printed out medical social works notes and history and physical examination final notes for [redacted] [redacted]

Summarize alleged perpetrator's statement or admission: What is the perpetrator's explanation of the incident(s)/allegation(s)?

Child Protective Services Investigator (CPSI) [redacted] was not able to conduct an alleged perpetrator interview due to the AP dying from the car incident.

Summarize witnesses' descriptions of what they saw and what they believe indicates child abuse/neglect:

Referent stated that all four children were transported to [redacted] Children's hospital in critical condition. Stepfather [redacted] was the driver during the motor vehicle accident but [redacted] was not involved in the accident as she had been at work; it is unknown at what time specifically the accident occurred. EMS reported to staff at [redacted] that [redacted] had gotten into an accident and that they were unsure of what exactly [redacted] had hit; however, the car had rolled over down a hill. None of the children were restrained during the accident.

Summarize any other evidence or factors that support the investigative finding(s) for the allegation(s) of abuse/neglect:

There is not any evidence or factors that support the investigative allegation.
