Custody Near Deaths*		
Total Number	0	
In 2014, no near deaths occurred while a child was in custody.		
<p>* A custody near death is defined as any child in the state of Tennessee who is in DCS custody who has a serious or critical medical condition resulting from child abuse or child sexual abuse, as reported by a physician who has examined the child subsequent to the abuse. This is defined in TCA 37-5-107. The Department has elected to exceed the statutory definition to include more situations as near deaths. As such, the Department will record a near death for a child in custody if the allegation of abuse or neglect is substantiated and a physician reviews the case and determines the child was in a serious or critical medical condition.</p>
