Tennessee Child Abuse Hotline Summary**

Native American Descent: None

Directions: none given

Reporters name/relationship: [REDACTED]

Reporter stated: [REDACTED] (15) lives with his mother and father [REDACTED] and [REDACTED]

[REDACTED] had a car accident on Friday (1-25-13). It is reported that because of the conditions of the road, due to the weather, he was driving too fast. He could not control the car and it slid across the road and hit a tree. He has pending charges of driving on a revoked license and reckless endangerment.

[REDACTED] is currently at [REDACTED] medical center in the ICU. He has a pseudo aortic aneurism, 6 fractured ribs, bruised lung, ruptured spleen, and air in his spinal column. The prognosis for [REDACTED] currently is guarded. It is reported that the hospital has put him in a medically induced coma at this time.

Referent stated that this was to be reported as a near fatality.

No special needs or disabilities are known.

Tennessee Department of Children's Services
Child Protective Service Investigation Summary
and Classification Decision of Child Abuse/Neglect Referral

A. Investigation

Case Name: [Redacted]
Referral Date: 01/28/2013
Street Address: [Redacted]
City/State/Zip: [Redacted]

Investigation ID: [Redacted]
Assignment Date: 01/28/2013

B. Allegation

Table with 9 columns: #, Children's Name, DOB/SSN, Specific Allegation for Each Child, Alleged Perpetrator's Name, DOB/SSN, Classification, Severe Abuse, Classified By/Classified Date. Row 1: 1, [Redacted], [Redacted], Lack of Supervision, [Redacted], [Redacted], Allegation Substantiated / Perpetrator Substantiated, Yes, [Redacted] 03/22/2013

C. Disposition Decision

Disposition Decision: Continue DCS Services

Comments: This case is being closed indicated for LOS on the father. The father had a car accident with the child in the car. The child was put on life support at [Redacted]. The father was driving without a drivers licence. He was charged by [Redacted] County Police Department. The child is home bound and working with JJ probation and this case maybe closed soon as well.

D. Case Workers

Case Worker: [Redacted] Date: 03/22/2013
Team Leader: [Redacted] Date: 03/22/2013

E. Investigation Summary

Instruction: Condense the finding rationale for each allegation relative to the child victim(s). Be sure to identify the facts that provided for the classification decision.

Summarize the key points and dates of the child or children's statements and/or the observation of the child or children's physical state or home environment:

Cm [Redacted] engaged the child today around 11:20 am. The child is now on a ventilator. He is also on a chest tube and they are intending to put in a feeding tube today. The child can not talk at this time so CM [Redacted] engaged the Social Worker at [Redacted] whose name is [Redacted]. The child was interviewed at a later date. The child reported to his knowledge everyone had thier seatbelts on. He reproted he will be going home soon and will be on home bound. He has been seen after he has returned home and he is diong well.

Summarize professional, medical or psychological findings or opinions: What is the collateral's oral or written finding/opinion of the incident(s)/allegation(s)?

CM [Redacted] engaged the Social Worker at [Redacted] whose name is [Redacted]. She reported the child is on a chest tube, medical induced coma, and ventilator. She reported the child is on pain medications. She reported he went to [Redacted] Memorial first. She reported the child was not breathing well and had a collapsed lung. She reported they are starting the feeding tube today. She gave CM [Redacted] medical records. On those it states the child. Aortic pseudoaneurysm, contusions to the ribs, pneumomediastinum and sub air, intrathecal, spleen laceration, and chronic sinusitis. On another page it reported he was a passenger that was restrained and later on reported sign of seatbelt across his neck.

**Tennessee Department of Children's Services**  
**Child Protective Service Investigation Summary**  
**and Classification Decision of Child Abuse/Neglect Referral**

Case Name : ██████████ ██████████ ██████████

Investigation ID: ██████████

CM ██████████ engaged the paternal grandfather ██████████ ██████████. He reported the father is in surgery at this time over his hip. He reported during the wreck he knocked his hip out of place and broke a piece off. He reported the father seems to be doing better. He reported the child ██████████ is still in ICU. ██████████ County Police Department charged the father for the car accident.

**Summarize alleged perpetrator's statement or admission: What is the perpetrator's explanation of the incident(s)/allegation(s)?**

Cm ██████████ then engaged the father in the fathers hospital room. He had surgery and he reported he is doing pretty well today. He reported he lost control of the car. He reported he knew his son is in ICU. He reported everyone to his knowledge had their seatbelts on including him. He reported he does not have a valid drivers licence.

**Summarize witnesses' descriptions of what they saw and what they believe indicates child abuse/neglect:**

Reporter stated: ██████████ ██████████ (15) lives with his mother and father ██████████ and ██████████ ██████████

██████████ had a car accident on Friday (1-25-13). It is reported that because of the conditions of the road, due to the weather, he was driving too fast. He could not control the car and it slid across the road and hit a tree. He has pending charges of driving on a revoked license and reckless endangerment.

██████████ is currently at ██████████ medical center in the ICU. He has a pseudo aortic aneurism, 6 fractured ribs, bruised lung, ruptured spleen, and air in his spinal column. The prognosis for ██████████ currently is guarded. It is reported that the hospital has put him in a medically induced coma at this time.

Referent stated that this was to be reported as a near fatality.

No special needs or disabilities are known.

**Summarize any other evidence or factors that support the investigative finding(s) for the allegation(s) of abuse/neglect:**

Cm ██████████ engaged the mother ██████████ ██████████. She reported her husbands right side is all messed up. She reported he has a collapsed lung and broken ribs. She reported her son has broken ribs, collapsed lung, and something is wrong with his aortic vessel. She reported he is not on a ventilator at this time and is awake. She reported ██████████ her nephew and ██████████ and ██████████ her nieces were in the car as well. She reported ██████████ mom is ██████████ and she reported she is here with her due to ██████████ is in ICU as well. She reported he broke his leg and is only in ICU due to his oxygen. ██████████ reported the same injuries. She also reported her number is ██████████. ██████████ reported her nieces are at home now. She reported ██████████ went to childrens however is home now with her sister and ██████████ did not have to go to the hospital. She reported their mother is ██████████ and her number is ██████████. ██████████ reported they are working with in-home services and DCS through ██████████. ██████████ reported her phone number is ██████████. The other children were engaged at the home and they reported no concerns. This case was staffed with CPIT.

CM [REDACTED] is closing this case today.

Why they came to the attention of the department-There was a CPS referral for LOS allegations against the father. This reported the father had a wreck in [REDACTED] County with the child with him and the child is at [REDACTED] and will be put on life support. It reported the father was charged and does not have a drivers license.

What was found-The child was put on life support and was in ICU for 3weeks. He was then taken off life support after about a week and a half and moved to a regular room at a later date. They reported they were wearing their seatbelt. The father does not have a drivers license and was charged by [REDACTED] County Police.

What was done-The child was sent home from the hospital and is doing well. The child is on home bound with the school at this time.

Why we are closing-JJ has an open case and the investigation is complete.

CM [REDACTED] has completed the initial SDM Safety Assessment on this date. It has been reviewed by CMIII [REDACTED].  
 The initial SDM Safety Assessment is approved at this time.

Immediate harm factors identified are:

Other:

The child was involved in a car accident with his father and 3 of his underage cousins. The child was put in the ICU and later put on a Ventilator due to his injuries. It was icy the day of the wreck and the wreck was an accident however the father was driving and he does not have a valid DL.

Safety interventions are:

Intervention or direct services by worker as part of a safety plan.

The child/ children are currently "conditionally safe".

Narrative Type: Original Entry Date/Time: 02/07/2013 02:36 PM Entered By: [REDACTED]

Cm [REDACTED] engaged the child today around 11:20 am. The child is now on a ventilator. He is also on a chest tube and they are intending to put in a feeding tube today. The child can not talk at this time so CM [REDACTED] engaged the Social Worker at [REDACTED] whose name is [REDACTED]. She reported the child is on a chest tube, medical induced coma, and ventilator. She reported the child is on pain medications. She reported he went to [REDACTED] Memorial first. She reported the child was not breathing well and had a collapsed lung. She reported they are starting the feeding tube today. She gave CM [REDACTED] medical records. On those it states the child. Aortic pseudoaneurysm, contusions to the ribs, pneumomediastinum and sub air, intrathecal, spleen laceration, and chronic sinusitis. On another page it reported he was a passenger that was restrained and later on reported sign of seatbelt across his neck.

Cm [REDACTED] then engaged the father and mother in the fathers room. He had surgery and he reported he is doing pretty well today. He reported he lost control of the car. He reported he knew his son is in ICU. He reported everyone to his knowledge had their seatbelts on including him. The doctor came in and Cm [REDACTED] left the room reporting she would call the mother to set up a time with her to meet.

Narrative Type: Addendum 1 Entry Date/Time: 02/07/2013 02:49 PM Entered By: [REDACTED]

CM [REDACTED] also talked to the nurse attending to [REDACTED] room. She reported he was pushing the pain pump a lot and asked him if he has drug abuse issues. She reported he told her no. CM [REDACTED] reported to the nurse that he was in a drug rehab before due to drug abuse with THC and pills. Cm [REDACTED] got that information from his FSW [REDACTED]. The nurse also reported he would be on the vent at least a couple more days and in ICU for at least a week.

CM III [REDACTED] was contacted by CM [REDACTED] from the filed for staffing. CM has made contact with the mother at the hospital. The child is in ICU and the father is in surgery at this time. CM is not permitted by hospital staff to observe the child without assistance from hospital social worker who has left for the day. CM has left contact information for herself with staff. The mother has family support with her at this time and there is not a quiet location for CM to complete the initial paperwork with her. CM has been granted approval to obtain the signatures and explain the pack at the next meeting.

**Action Steps:**

Coordinate with the Child Protective Investigative Team for face to face contact with the child.

Engage the mother to complete investigative tasks.

Enter the current good faith efforts.

On January 28, 2013 at 12:55 PM CST, a referral was called into Central Intake. The referral was screened into [REDACTED] County as P1 with allegations Lack of Supervision (LOS). The alleged child victim is [REDACTED] 15 years old. The alleged perpetrator is [REDACTED] father. Response is due on January 29, 2013 at 1:55 PM EST. The case is assigned to CM [REDACTED]. It is not known if this child is of Native American descent. This information will need to be obtained when response is met. A follow up phone call will be made and documented with the referent within 15 working days of referral per policy.

A preliminary TFACTS search was completed by Supervision. The CM will need to complete a more thorough search once more information is obtained.

CM will need to ensure the case is staffed from the field and the parents are contacted per policy timelines. CM will need to ensure all MRS policies and procedures are being followed including the face to face contacts, collateral contacts, Family Functional Assessments and team meetings. All dictation must be entered per regional policy. CM needs to ensure that all paperwork reviewed with the family is documented in case recordings and that Safety Assessments, Noncustodial Permanency Plans, Immediate Protection Agreements and/or background checks are submitted timely and per policy to supervision.

February 28, 2013 referral:

The 15th day is February 11

The 30th days is February 26

The 45th day is March 14

The 60th days is March 39

The 90th day is April 27

The 120th day is May 27
