## Administrative Policies and Procedures: 14.6

### Subject:
Child Protective Investigation Team

### Authority:
TCA 37-1-401 et seq; TCA 37-1-406; 37-1-601 et seq; 37-1-602; 37-1-606; 37-1-607; 37-5-105 (3); 37-5-106; 37-5-107; Child Abuse Prevention and Treatment Act (CAPTA)

### Standards:
COA: PA-CFS 2

### Application:
All Department of Children’s Services (DCS) Child Protective Services (CPS) and Special Investigations Unit (SIU) Investigators, Supervisors and DCS Internal Affairs Division Employees.

### Policy Statement:
The Child Protective Investigation Team (CPIT) serves as the statutorily mandated Multi-Disciplinary Team (MDT) in Tennessee. Utilizing the MDT approach during investigations of severe child abuse is critical to ensuring a strategic and thorough investigation, as well as providing child victims with the needed supports to ensure their safety.

### Purpose:
To identify the composition of CPIT and establish the role and responsibilities of DCS in the CPIT process.

### Procedures:

#### A. CPIT composition

1. Each team shall be composed of:
   
   a) One staff member from DCS CPS Investigations (CPSI);
   
   b) One representative from the office of District Attorney General;
   
   c) One juvenile court officer or investigator from a court of competent jurisdiction;
   
   d) One law enforcement officer with countywide jurisdiction from the county where the child resides or where the alleged abuse occurred; and
   
   e) The Director of the Children’s Advocacy Center, or designee.

2. The team may also include:
   
   a) A representative from the medical field;
   
   b) A representative from the mental health field; or
   
   c) Other members as appropriate and identified by CPIT.
### B. Convening CPIT and developing case strategy

1. CPS will immediately convene the appropriate CPIT per local CPIT protocols when a report of child sexual or severe abuse has been received.
2. The CPS investigator must submit written documentation notifying the District Attorney of a case alleging sexual abuse or severe child abuse within three (3) days of convening CPIT.
3. The CPIT will determine investigative tasks and assign responsibilities to team members when convening CPIT.
4. The CPIT will determine immediate safety risks to the Alleged Child Victims (ACV) or other children.

### C. CPIT Strategy

1. During the CPIT meetings the team shall discuss and determine:
   a) The ACV family composition and demographics, including which person(s) is responsible for the ACV’s welfare and if there are other children in the care of that person.
   b) Whether any other child(ren) is the victim of child abuse or neglect.
      ♦ If any other child(ren) is the victim of child abuse or neglect, the child will be added as a victim in **TFACTS**.
   c) The person(s) responsible for causing the abuse.
   d) Whether long-term risks to the ACV and/or other children are present.
   e) What services are necessary to safeguard the ACV and to preserve and stabilize family life.
2. With approval of the CPS Supervisor, DCS investigative tasks may be delegated or delayed in the following situations:
   a) There are no identified safety concerns for the ACV or other children in the household and a law enforcement agency, District Attorney, or Medical Examiner’s office has requested that CPS delay and/or refrain from interviewing certain individuals to preserve or enhance a criminal investigation.
   b) When CPIT is involved and decides the order in which certain investigative tasks are to be completed and which representative will perform the task based on the circumstances of the case.

### D. Classification

**Classification of CPIT Cases:**

1. The CPSI will review the case with their Supervisor and determine that all relevant information is included and documented in the case recordings in **TFACTS**.
2. The investigator will be prepared to discuss the assigned case with CPIT members when the case is on the CPIT schedule. To prepare for the meeting the investigator will:

</table>
| a) | Discuss the case with their supervisor, or designee.  
|   | b) Prepare documentation to share with CPIT members attending the meeting.  
| 3. The CPSI will discuss the classification(s) with all members of the CPIT and each member will have the opportunity to agree or disagree with the DCS classification(s).  
| 4. The CPIT form, **CS-0561, Child Protective Investigative Team Review**, will be completed to indicate the outcome of the review and whether each CPIT member agrees or disagrees with the recommended classification. Each team member will be provided the opportunity to sign the CPIT form.  
| 5. Any CPIT member's concerns about classification will be noted on the CPIT form.  
| 6. The CPSI will document the CPIT discussion and classification in case recordings in **TFACTS**.  
| 7. If CPIT members reach a classification which differs from the DCS classification, the CPSI will request a review, to be completed by the Director of Investigations, or designee. A final classification decision will be made following the case file review.  
|   | a) CPIT members may submit additional information to the Director of Investigations, or designee for consideration.  
|   | b) The Director of Investigations or designee will make the final classification decision within ten (10) business days of receipt of the request.  
|   | c) DCS will notify CPIT members of the classification decision.  
|   | d) The Supervisor will document the CPIT classification decision in a case recording in **TFACTS**.  

**Forms:**
